106 *CRCL/RCLC*: A Select List of International Contributors 1974-2014 (from early years onward for their contributions)

We have published distinguished Canadian scholars, but here I thought that it would be interesting to see a selection of the accomplished international contributors who have written articles, reviews, review articles and other pieces for us. Among the international scholars are Canadians or those who had appointments in Canada who spent a good portion of their careers working outside Canada.

CRCL / RCLC : Liste sélective des collaborateurs internationaux 1974-2014 (depuis les premières années de leurs contributions jusqu'à nos jours)

Nous avons publié d'éminents chercheurs canadiens, mais ici j'ai pensé qu'il serait intéressant de voir une sélection de collaborateurs internationaux accomplis qui ont écrit pour nos articles, commentaires, revues et autres. Parmi les chercheurs internationaux il y a des Canadiens ou ceux que leurs travaux ont conduits au Canada et qui ont passé une bonne partie de leur carrière à travailler à l'étranger.
