

Postcolonial Literatures: A Selected Bibliography of Theory and Criticism

The following selected bibliography has been compiled with focus on more recent works as well as some "standard" works in the field. Attention has been paid to works less often cited and/or known in the "mainstream" discourse of postcolonialism. Also, attention has been paid to works which, although not strictly in the area of "mainstream" or "general" studies of postcolonialism, nevertheless have or should have an impact on the discussion of postcolonialism as defined by the compilers.
